Precast arch systems

- No need for approach slabs because our arch systems provides a gradual transition on and off the structure.
- Safety is a key priority. eliminating bridge deck icing in cold temperatures.
- Our system has a long-term cost savings while being aesthetically pleasing.
- Our prefabricated systems are highly recommended to minimize traffic disruption.
- Options include wing walls, attached or detached headwalls, footers, skewes and an on-site fab shop to assist with custom projects.

In partnership with

Pretek Group and EcoSpan arch systems. Certified with ODOT, IDOT and WVDOT.
