

Did you KNOW

March 2015

Precast headwalls & wingwalls

- Our wing walls can be made and skewed at any angle to meet your specifications.
- Compared to cast-in-place, our headwalls and wingwalls save in time and cost savings.
- Manufactured at our facilities allows for easy installations on the jobsite.
- Consistently produced by an experienced staff in a quality controlled, inside environment.
- Designed to function together with the conduit to provide a sound, functional and permanent structure.
- Lindsay's retaining wall blocks are another aesthetically pleasing option of providing a stable structure

Types of systems

Headwall and wingwall systems include: parapets, free-standing wingwalls/headwalls and precast aprons.
